

Careers in Construction Month (CICM) Pledge Scholarship Drawing

About the Pledge

Careers in Construction Month (CICM) is a national workforce development celebration created and led by NCCER's Build Your Future (BYF) initiative. The CICM pledge encourages construction industry professionals, companies, educators and organizations to connect with students during CICM by sharing information about construction career opportunities. Eligible participants who pledge to engage with students, promote careers in the construction industry, and complete a qualifying outreach activity may be entered into the scholarship drawing in accordance with the rules and requirements outlined below.

Official Rules

Scholarship funds must benefit a student and are not awarded to the pledge participant. These scholarships are supported by the John Trimmer Fellowship Endowment Fund. Each winner will designate an eligible secondary craft training program student, and the \$1,000 scholarship will be paid directly to the student's qualifying craft training program to support their education and training expenses. Scholarship funds will not be paid directly to the winner or the student.
